

TOP PRO LINE

Height: 52 mm

Properties

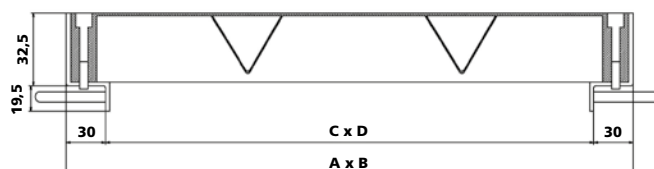

- The frame is constructed with 3 mm sheet steel and the cover made with a robust anti-slip diamond plate 5/7 can be opened very easily with the special brass bolts that connect the cover to the frame.
- Surface treatment: Hot-dip galvanized. In accordance with the standard NBN EN ISO 1461.
- Application: outdoor use.
- The recessed cover is screw-tight.
- The recessed cover hatch is odour and waterproof due to a rubber EPDM seal.
- On the outside, the recessed cover is fitted with securing anchors.
- On the inside, the recessed cover is fitted with reinforcements welded to the bottom.

Smell proof

Water proof
